

**ITEM NOTICE OF MOTION - COUNCILLOR LITTLE - RUSSELL LEA
PUBLIC SCHOOL PEDESTRIAN FACILITIES & TRAFFIC
SAFETY UPGRADES**

Note: The following resident made a written submission to this Item:

- Ms Narelle Horton – President Russell Lea Public School P&C Association

M - 1 RESOLVED

(Crs Little/Megna)

1. THAT Council give in-principle support to installing a pedestrian crossing on Barnstaple Rd for the school children and broader community and commence the necessary investigations to be brought back to the first traffic committee meeting in the new term.
2. THAT Council investigate a traffic refuge or appropriate safety measure on Brent St and bring the report back to Council.
3. THAT Council write to TforNSW to seek additional school zone status including signage, road markings and signals.
4. THAT Council officers provide other speed amelioration signs or other safety measures to the school community in the surrounding streets as soon as practicable e.g. Smiley Face speed monitoring signs on Brent or Barnstaple Road.
5. THAT Council contact the Principal and P & C during caretaker mode to discuss the process and timing of these measures.

Variation: The variation moved by Cr Megna (amending point 1 whereby investigations go to the traffic committee, not council and point 3, where Council writes to TforNSW seeking additional school zone signage) was accepted by the mover.

Note: The Mayor tabled 2 documents at the meeting, as follows:

- letter from the Principal of Russell Lea Public School to Council
- letter from the P&C Association of Russell Lea Public School to Council
