

Leaf Sun Catcher Craft

Materials

Crepe paper – assorted colours

Contact paper x 2 sheets

Leaf template

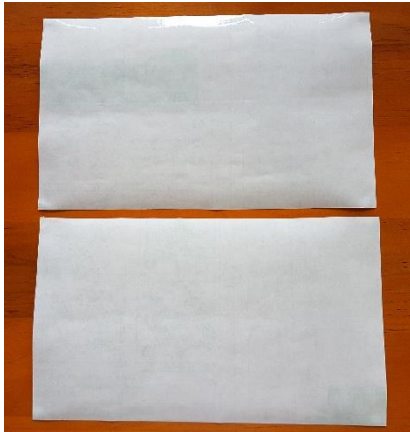

Scissors

Ribbon (for hanging)

1. Cut various colours of crepe paper into medium-large size pieces.

2. Cut two identical size pieces of clear contact paper. Remove the backing from one contact paper sheet and position the contact paper sticky side up

3. Stick overlapping pieces of crepe paper onto the contact paper and continue sticking crepe paper pieces until the contact paper is completely covered.

4. Peel off the backing from the second sheet of contact paper and position it sticky side-down firmly over the crepe paper collage.

5. Cut out the shape of the leaf template and use it to trace outlines on the crepe paper collage.

6. Cut around the shape you have created. Make a hole in the top using a sharp tool and tie ribbon to hang.

Your leaf sun catchers are ready to hang and catch the sun!
