

# Cupcake Liner Flowers

## What do I need?

- Cupcake liners- different colours, patterns & sizes
- Piece of paper
- Yellow and/or white paper
- Green pencil or marker
- Pencil
- Scissors
- Glue

1. Choose several cupcake liners and arrange them on a sheet of paper.
2. Decide how you would like to create the centre of each flower.
3. Draw small circles on a piece of paper and then cut them out.
4. Flip each cupcake liner inside out so that you see the coloured/patterned side of the liner.
5. Glue the larger cupcake liners onto the piece of paper and then glue the smaller cupcake liners inside.
6. Glue the circles you cut out onto the centre of each flower.
7. Use a green marker to draw stems and leaves on each flower.
